

First Christian Church Leadership Team response to the potential spread of the Corona Virus. March 15th

As you now know, regular Sunday worship services have been suspended until April 5th. It is our intent to help curb the spread of and to protect ourselves and others from this dangerous virus.

In the meantime, there are a several things we all can do. The office will remain open and phone calls will be answered. Our Bible study will continue each Tuesday as planned. I am asking each of you to; pray for those already affected, pray for those who are working very hard to stop the spread and find a cure, to remain safe, patient, prayerful, and to look out for one another with phone calls. Please do not isolate yourselves but stay in touch with loved ones, family and friends.

And one more thing. Our friends and neighbors in our nursing homes and hospital are all in lockdown. No visitors are allowed on the premises. I think it would be nice to send cards of encouragement, thinking of you cards, as well as sharing your favorite Bible verses with them. We don't need their names, just a card and a few words written from your heart. You can drop them off at the church (if we are gone, leave in the mailbox) or call me and I will come by to pick them up. I will then deliver them to the nursing homes, and they will be handed out over the next few weeks. The more cards we have, the more lives we will touch with God's Love. Let us be who God has chosen us to be.

In His Peace,

Rich
